

Medications are grouped by the conditions they treat. Each medication is placed in a tier that shows the amount you will pay for that prescription. This is decided by your employer or health plan. Please use this chart as you review these updates.

Tier 1
Lowest-cost medications

Tier 2
Midrange-cost medications

Tier 3
Highest-cost medications

Medications moving to a higher tier

These medications are moving to a higher tier and will cost more because there are other lower-cost options. If your medication is listed below, you may still take it, but you may pay a higher cost. Please talk to your doctor about lower-cost option(s) to see if they will work for you.
